### **Acknowledgements**

This report is an outcome of the follow-up survey on the JICA's training course on gender mainstreaming which was conducted under the KFAW's research and survey project for FY2012 with the understanding and cooperation by the Office for Gender Equality and Poverty Reduction, Economic Infrastructure Development, the JICA and the JICA Kyushu. The author would like to express her gratitude to the JICA, in particular Mr. Yasuhiro Kawazoe, Director of Training Programme Division and Ms. Eriko Nagano, Training Programme Division, the JICA Kyushu who made visits to the participants' countries together, as well as the funding for the visits.

The author would also like to thank the JICA offices in Balkan, Nepal and Cambodia for their help with arrangements of the country visits, though it is not possible to mention all names here.

Last, but not least, the author would like express her deepest appreciation to the participants who responded to the questionnaire survey and gave us time for meetings and seminars during the country visits, though there had been little contact after they left Japan.
